Access way works

Thanks to club members who helped out with the stone that was that the fishing club organised for the access way potholes. This was Sunday 1st May. WE agreed to split the cost of the stone between the two clubs – The boat clubs share of the cost works out at £69.55

New signs on the gate

Following a couple of incidents (fortunately not very often) with the access way being blocked by parked cars, we have fitted high visibility 'No Parking' signs onto the gate that should hopefully deter people from parking cars inappropriately.

It was a fairly short meeting this month - we will look at organising another talk over the next few meetings and 'bring a boat night'
