Club Minutes – Nov 2021.....

(Draft copy subject to agreement at next meeting)

Apologies for the late publishing of these minutes

Once again, we have had another enforced absence of club meetings due to Covid restrictions coming back into place early December 2021 – the committee decided that it was not sensible to carry on with meetings when indoor mask wearing was mandatory. Hopefully this will be the last of the restrictions but as always these things can change.

Matters arising

Upcoming shows :-

Coppull model show

Sun 20th March 2022

The club has been booked in to take part in the Coppul Model show. Venue is St Johns Church Hall - Hewlett Street Coppull Chorley PR7 5AD

Leigh Model Show

Sat & Sun 10th & 11th Sept 2022

Club agreed to attend

It was suggested that more club members try and attend these local shows to help out with the display, or at least attend them as they need local support.

New Pond seating

It was confirmed that the work to pond seating will take place early in the new year.

It was asked if club members still wanted membership cards as part of the renewal and it was agreed to carry on with these. The club treasurer was to look at purchasing a laminator to replace the one previously used for membership cards.

Thanks to Chairman Dave Lawrance for his talk on the history of Clyde Puffers – well thought out and equally well receive.

The Landlord / Landlady of the Legion are retiring and it was agreed that Dave Lawrance would organise a card / gift on behalf of the club as thanks

Styrene stock has been replenished and although cost's have increased, it's a marginal increase per sheet. David Perry (club secretary) should be contacted for any stock supplies – as always sheets can be picked up from David's House, or dropped off at the pond.

Treasurers report

Club Membership renewals are due 1st January

We have asked for any club members who have changed address / contact details to please update them with the membership secretary.

We have had some donations from the sale of various models and bits of model related items sold on behalf of former member Ray Scot who passed away. The club has already sent a letter of thanks and flowers to Ray's wife thanking her for the donations

Funds from previous sales of goods at meetings have brought in cash for the club, and some styrene sales and new membership fees have been helping boost the available funds.

A new batch of keys have been purchased – cost of these has increased slightly for new club members from £5 to £6 to cover the slight increase

Cash £ 644.03
Bank £ 975.31
Total £ 1619.34

The next meeting will be on Monday 21st February

Suggestions for upcoming meetings:-

Dates for these have yet to be confirmed

Bring a boat night every alternate month

Talk on 3d printing

Talk on basic wiring up of your boats

Talk on building scratch models from plans
